QMASTOR secures contract for the provision of Pit to Port to Queensland Bulk Handling Pty Ltd (QBH)

August 19, 2005

QMASTOR Limited (ASX: QML) - Australia's leading supplier of bulk materials management information systems and services announced today that it has secured a 5-year contract with Queensland Bulk Handling (QBH) for the provision of the Pit to Port.net management information system. QBH manages the coal export terminal at Fisherman Islands in Brisbane, Queensland, Australia.

The scope of the contract involves the use of the Pit to Port.net system for the management of:

- Rail receivals
- Port stockpiles
- Berth and vessel scheduling
- Ship loading and coal export tracking
- Automated data entry to corporate accounting system

Managing Director of QMASTOR Limited, Trent Bagnall, said: "QMASTOR is thrilled to be able to partner with QBH to assist them in managing their coal export terminal operations. This installation represents QMASTOR's second port-based system installation in a segment of the bulk materials supply chain where QMASTOR adds significant value."

About Queensland Bulk Handling Pty Ltd (QBH):

Queensland Bulk Handling Pty Ltd (QBH) operates the 8 million tonne per annum capacity export coal loading facility at the Port of Brisbane in South-east Queensland. This terminal has serviced mines from the West Moreton and Darling Downs coalfields as a common-user facility since 1983. QBH has an admirable record as a despatch port and is capable of loading small cape size vessels. QBH is a joint venture between New Hope Coal Australia and Patrick Corporation Limited.

About QMASTOR Ltd:

QMASTOR Limited provides a suite of bulk material management systems that allows mining, port, power generation and agricultural companies to maximise their profitability through the efficient use of their resources. QMASTOR systems are integrated into the day-to-day running of bulk material businesses, managing over 100 million tonnes per annum of bulk material movements through the operations, logistics, marketing and commercial functions.
