## **QMASTOR secures multi-million dollar contract for software and services at Dalrymple Bay Coal Terminal**

September 16, 2008

The directors of QMASTOR Limited (ASX:QML) are pleased to announce the signing of a major contract with Dalrymple Bay Coal Terminal P/L (DBCT PL) for the provision of QMASTOR's Pit to Port.net, SMS3D.net and iFuse systems at the Port of Hay Point in Mackay, Queensland, Australia. The contract will cover software licensing, services, support and maintenance for a period of 5 years with the majority of revenue to be received in the 08/09 and 09/10 financial years.

QMASTOR will supply DBCT P/L with a comprehensive Coal Management System that will provide coal tracking and inventory management across the Dalrymple Bay supply chain; including rail ordering; stockyard management; stockpile modeling; ship loading and vessel management; and web based reporting. Integration points include: the supplying mines; rail service providers and plant SCADA systems.

Trent Bagnall, Managing Director of QMASTOR Limited stated "QMASTOR is delighted to partner with DBCT P/L to assist with their ongoing supply chain improvement. The contract win is especially important for our company as it supports our further continuing expansion into the Queensland coal sector and the establishment of QMASTOR's Mackay office. We expect that the successful implementation of this project will provide QMASTOR with further opportunities to increase our customer base at similar ports and bulk terminals throughout Australia and also internationally."

"QMASTOR's best of breed, commercial-off-the-shelf software systems are now contracted to manage over half a billion tonnes of bulk commodity movements per annum, the undisputed market leaders in mining and bulk commodity supply chain management software."

### **About QMASTOR Limited**

QMASTOR Limited (ASX: QML) is a market leader in the provision of specialist management information systems and services to the global mining, port, power generation and other bulk commodity industries. QMASTOR has pioneered innovative solutions to empower clients to improve their operations and maximise profit through the efficient use of resources across the supply chain.

## **About the Port of Hay Point**

The Port of Hay Point is comprised of two separate coal export terminals, Dalrymple Bay Coal Terminal (leased from the Queensland Government by Babcock and Brown Infrastructure) and the Hay Point Services Coal Terminal (owned and operated by BHP Billiton Mitsubishi Alliance).

## **About Dalrymple Bay Coal Terminal (DBCT)**

As part of the world's largest coal export port, Dalrymple Bay Coal Terminal exports coking and metallurgical coal from Central Queensland's Bowen Basin mines to ports around the world. The terminal operates around the clock and has a current capacity of 68 million tonnes per annum (Mtpa), with expansion projects set to increase capacity 85 Mtpa by early 2009. DBCT services 7 customers in the Bowen Basin and handles approximately 55 different coal products, all of which are transported to the terminal by Queensland Rail on the Goonyella Coal Chain rail link.

Mines currently shipping through DBCT and who will use QMASTOR's systems at DBCT include:

- Blair Athol - Rio Tinto Coal Australia
- Broadlea - VALE
- Burton – Peabody Pacific
- Carborough Downs - VALE
- Coppabella – Macarthur Coal
- Foxleigh - Anglo Coal Australia
- German Creek - Anglo Coal Australia
- Goonyella/Riverside – BHP Billiton Mitsubishi Alliance
- Gregory – BHP Billiton Mitsubishi Alliance
- Hail Creek - Rio Tinto Coal Australia
- Isaac Plains – VALE / Aquila Resources
- Millennium – Peabody Pacific
- Moorvale – Macarthur Coal
- Moranbah North - Anglo Coal Australia
- North Goonyella – Peabody Pacific
- Norwich Park – BHP Billiton Mitsubishi Alliance
- Oaky Creek - XSTRATA
- Peak Downs – BHP Billiton Mitsubishi Alliance
- South Walker Creek – BHP Billiton Mitsubishi Alliance
